CORRIGENDUM NO.1

TENDER : SUPPLY OF CNG BOOSTER GAS COMPRESSOR FOR MOTHER AND DAUGHTER BOOSTER STATIONS AT EAST & WEST GODAVARI DISTRICTS  
OF ANDHRA PRADESH ON ANNUAL RATE CONTRACT BASIS  
TENDER NO: GGPL/C&P/Pur/4715/2016-17

5. No.	Clause No. & Page No.	Tender Clause	Bidder's Query	GGPL's Clarification
1	Clause No. 15.3 Page No. 18 of 153	Earnest Money/Bid Security shall be valid for two months beyond bid validity period.	Please confirm the validity of Earnest money/bid security as in Clause No. 15.1 same is mentioned as six months beyond the validity of the bid.	EMD DD should be for 6 months from bid due date and BG valid for 3 months beyond the date of validity of offer.
2	Clause No. 20.1 Page No. 39 of 153	If any trouble or defect, originating with the design.....thereof, or twenty four months from the date of last shipment whichever period shall first expire.	"twenty four months from the date of last shipment" shall be replaced by "twenty four months from the date of respective compressor package". Please note that, the compressors will be ordered against Annual Rate Contract therefore the delivery periods will be different for each compressor. It is not feasible to extend the delivery period for first despatched compressors till the last shipment is despatched.	Yes, the understanding of party is correct
3	Clause No. 26.1.1 Page No. 42 of 153	In case delay in delivery of equipment /materials or delay in completion, total contract price shall be reduced by 1/2% of the total contract price per complete week of delay or part thereof subject to a maximum of 5% of the total contract price.	As the compressors are ordered against Annual Rate Contract, below changes should be made in this clause: 1/2% of contract price of undelivered part per complete week of delay or part thereof subject to a maximum of 5% of the contract price of undelivered part.	Yes, the understanding of party is correct
4	Clause No. 33 Page No. 46 of 153	Taxes & Duties	Please confirm whether entry tax will be reimbursed to bidder?	Entry Tax, if applicable, shall be reimbursed at actuals.
5	Clause No. 4 (B) Page No. 52 of 153	Payment Terms: Balance 10% will be released within 30 days from the date of receipt of ordered materials receipt and acceptance at site by the Engineer-In-Charge of GGPL.	We understand that, balance 10% will be released against receipt of material at site/store (if material despatched at store). We also understand that, balance 10% material will not be held till erection, commissioning, performance test of compressor package.	Balance 10% shall be released within 30 days from the date of installation, testing and commissioning.
6	Column No. 8 Page No. 131 of 153	CST in %	Please note that, we will mention 2% against this column which is current rate of CST against Form C. Also note that, in absence of Form C, CST will be applicable as per prevailing rate (Current rate is 13.5%).	GGPL shall issue Form - C

CORRIGENDUM NO.1

TENDER : SUPPLY OF CNG BOOSTER GAS COMPRESSOR FOR MOTHER AND DAUGHTER BOOSTER STATIONS AT EAST & WEST GODAVARI DISTRICTS  
OF ANDHRA PRADESH ON ANNUAL RATE CONTRACT BASIS  
TENDER NO: GGPL/C&P/Pur/4715/2016-17

7	Clause No. 1.2 Page No. 8 of 153	The bidder in the last seven years should have.....of 250 SCMH capacity for Daughter Booster Stations and...	Please confirm whether bidders having experience of supplying CNG compressors to Online stations are also eligible to participate in this tender. We wish to clarify that, there is no difference in Online and Variable suction compressor package and only few instruments and change in programming of control system are additional in variable suction CNG compressor as compared to online CNG compressor. We would like to inform you that we are one of the largest CNG compressor manufacturer in India and supplied more than 250# CNG compressor packages to CGD companies in India.	Yes, Bidders having experience in supplying CNG compressors to online stations are also eligible.
8	Clause No. 11.2 Page No. 16 of 153	The PART-I "Techno-commercial/Unpriced Bid" comprising all the above documents along with copy of EMD/Bid Bond should be uploaded in the relevant folders of GGPL's e tendering portal.	Please confirm whether the bid is submitted on e tender portal OR in physical form.	In hard copy
9	Clause No. 12.3 Page No. 17 of 153	Bidder shall quote for all the items of "SOR".....	We wish to quote only for "Electric Motor Driven Reciprocating Variable Suction/Online Gas Compressor Packages". It is not possible for us to quote for "Electric Motor Driven Hydraulic Booster Compressor Packages" as same are not in our manufacturing range. Please confirm whether same is acceptable.	ok
10	Clause No. 1.1.3 Page No. 58 of 153	The compressor package shall be designed in order to.....suction from gas lines when available within the range of 12 to 19 kg/cm2g without major modifications.	For online use, compressor will be designed for 250 SCMH capacity at 19 kg/cm2g suction pressure. Please confirm.	ok
11	Clause No. 1.1.4 Page No. 58 of 153	Bidder shall be responsible for supply, erection, commissioning, and field performance test of all packages at site.	As the prices for erection, commissioning and field performance test charges are to be included in supply part; charges for the same will be valid only of the compressors are commissioned within one year from the date of supply of compressor package. Storage with watch and ward and insurance when compressors are despatched at site/store are excluded from our scope of work.	Not Acceptable

**TENDER : SUPPLY OF CNG BOOSTER GAS COMPRESSOR FOR MOTHER AND DAUGHTER BOOSTER STATIONS AT EAST & WEST GODAVARI DISTRICTS  
OF ANDHRA PRADESH ON ANNUAL RATE CONTRACT BASIS  
TENDER NO: GGPL/C&P/Pur/4715/2016-17**

12	Clause No. 1.1.5 Page No. 58 of 153	The bidder has to maintain the compressors (including air compressor) for two year from the date of field performance test during warranty period of 2 year.	Please note that, comprehensive maintenance charges will be applicable for first year during warranty period and one year after completion of warranty period. The duration of operation and maintenance are linked with warranty period of compressors and not with the field performance test. There may be possibility that, compressors are not commissioned for a longer duration of time.	50% of AMC charges (warranty period) till field performance test and the remains 50% shall be paid after successful field performance test
13	Clause No. 1.2 Page No. 59 of 153	Scope of services at site: Transportation of equipment from store to site including loading and unloading	Please note that, we will despatch the compressors on site/store basis. If the compressors are despatched on store basis, then transportation from store to site is excluded from our scope of work.	Ok
14	Clause No. 1.2 Page No. 59 of 153	Scope of services at site: Preparation of GRV	Please clarify the term GRV.	Goods Receipt voucher (GRV)
15	Clause No. 1.2 Page No. 59 of 153	Scope of services at site: 2 year post guarantee period O&M services if required.	We understand that, rates for the same will be mutually agreed between bidder and purchaser.	Ok
16	Clause No. 3.0 Page No. 60 of 153	Separate junction boxes for different type of signals	Separate junction boxes for different type of signals are not required as instruments will be directly connected to PLC panel mounted on compressor package.	Ok, acceptable
17	Clause No. 3.0 Page No. 61 of 153	Relief Valves shall be provided at suction and discharge and each inter stages of compressor	As 1st stage suction and BDV are connected, relief valve shall be provided at Blow Down vessel only. In the same manner, as 3rd discharge is connected with priority panel common SRV is provided.	Ok
18	Clause No. 3.0 Page No. 61 of 153	Y- type strainers, valves, sight flow indicators, check valves, manual drain/ traps etc. as required for various auxiliary systems i.e. frame lube oil, cylinder lubrication system, cooling water systems, fuel supply/conditioning system etc.	Y-type strainer, valves & sight flow indicator are not provided in the Frame Lube Oil Circuit. We have provided paper filter for frame oil & check valve in that circuit. This is the standard system we have provided in all our Packages. Please let us know your acceptance.	Ok, acceptable
19	Clause No. 6.4.1 Page No. 65 of 153	Design Temperature: 65 Deg C	Please confirm, suction temperature of gas at suction of compressor package.	may upto 65° C
20	Clause No. 9.0 Page No. 73 of 153	PLC based logic circuits.....RS485 SCADA Connectivity as per details in Annexure-IX.	Please provide Annexure-IX. Same is not present in tender.	Not required

CORRIGENDUM NO.1

**TENDER : SUPPLY OF CNG BOOSTER GAS COMPRESSOR FOR MOTHER AND DAUGHTER BOOSTER STATIONS AT EAST & WEST GODAVARI DISTRICTS  
OF ANDHRA PRADESH ON ANNUAL RATE CONTRACT BASIS  
TENDER NO: GGPL/C&P/Pur/4715/2016-17**

21	Clause No. 11.0 Page No. 73 of 153	Enclosure shall provide a degree of protection equivalent to IP 54 as defined in AS 1939.	Please note that we will be offering weather proof canopy and manufacturer's compliance will be given for the degree of protection. Please confirm the acceptance. Also removable wall panels will not be provided as all components are easily accessible without removing wall panels.	Not Acceptable
22	Clause No. 11.0 Page No. 74 of 153	Bidder shall get it checked by any of the third party inspection agencies like BVIS/DNV/LRIS/SGS at the site and submit the test certificate.	Third party inspection inspection charges for all inspections at our works and site are excluded from our works.	OK
23	Clause No. 11.0 Page No. 74 of 153	The detectors shall be calibrated at site during commissioning.	Detectors will be calibrated during commissioning only if they are not working properly or calibration dates are expired.	OK
24	Clause No. 11.0 Page No. 74 of 153	Beam fitted with Chain hoist arrangement	Beam fitted with Chain hoist arrangement will not be provided as same is not envisaged for this size of compressors having low weight components. We will provide motor removal slide for removal of motor for major maintenance.	Hoist arrangement is mandatory to repair jobs
25	Clause No. 13.0 Page No. 76 of 153	The gas temperature after after-cooler shall not exceed 52 Deg C.	We understand that, maximum ambient air temperature for cooler design to be considered as 42 Deg C. If this temperature is to be considered more than 42 Deg C then the gas temperature after after cooler will increase accordingly.	OK
26	Clause No. 20.0 Page No. 80 of 153	Mandatory spare parts for mechanical reciprocating compressor package	Please confirm validity of mandatory spare parts required.	to be supplied malong with compressor as per list
27	Clause No. 21.0 Page No. 83 of 153	Pressure relief valve	Please confirm whether "Fainger leser" make is acceptable for Pressure relief valve.	OK
28	Clause No. 21.0 Page No. 83 of 153	Self acturated pressure control valve	Please confirm whether "Nirmaal" make is acceptable for Self acturated pressure control valve.	OK
